3. Short description of the course content	The participants had to prepare photos from the project "Das Unausgesprochene". Look at places in a new perspective; exchange experiences between the participants.
4. Target group(s)	A group of women migrants, 7
5. Methodology used	Windows Movie Maker: a common windows program to create videos, put a different effects, even having only a sigle photos. Program Animoto, a media tool that allows an easy and fun way to get professional results, having fun and bringing into play their creativity.
6. Course duration & follow-up activities, if any	3 times x 2 hours
7. Necessary materials/resources	Photos, Computer Programs Workshop takes place in the Gallery in Suhl
8. Exercises	- brainstorming for ideas - chosing some photos from the project - use movie maker and put some effects on the photos - create a video with Animoto program
9. Course evaluation from the trainees	"Word- digital, makes me confused, but to see how you can use the photos, to play with them, and to see this short video..."
10. Conclusions from the trainer	To involve women migrants to participate in the project with digital tools, and to use media, usually is very difficult task. Some of these women don't use digital media, only gsm devices for communication. The idea

was to show them, that media can be used for fun, but also for learn.
